**FUNDING OPPORTUNITIES**

Grant Opportunity in Minority Research:

**Centers for Medicare & Medicaid Services (CMS), Office of Minority Health**

**Minority Research Grant Program**

For Fiscal Year 2017, CMS is pleased to announce two funding opportunities for systems level (e.g. health plans, hospitals, health systems) collaborative research that explores solutions to disparities that are prevalent in cardiovascular health, pre-diabetes, diabetes, and/or kidney disease among minority populations.

**Historically Black Colleges and Universities (HBCU) (CMS-1I0-17-001)**

This grant program seeks to: 1) support researchers at HBCUs to pursue topics that impact Black and African American populations; 2) fund research to investigate health disparities and how they can be reduced; 3) foster the dissemination of best practices and innovations among grantees, within CMS and beyond; and 4) improve healthcare quality for CMS's minority beneficiaries.

**Hispanic Serving Institutions (HSI) (CMS-1H0-17-001)**

This grant program seeks to: 1) support researchers at HSIs to pursue topics that impact Hispanic and Latino populations; 2) fund research to investigate health disparities and how they can be reduced; 3) foster the dissemination of best practices and innovations among grantees, within CMS and beyond; and 4) improve healthcare quality for CMS' minority beneficiaries.

The funding period is for two years and the amount of each grant is $325,000.

**Applications are due by July 10, 2017.**

To qualify for the grant, academic institutions/organizations must meet the program requirements available here: [https://www.cms.gov/About-CMS/Agency-Information/OMH/equity-initiatives/advancing-health-equity/minority-research-grant-program.html](https://www.cms.gov/About-CMS/Agency-Information/OMH/equity-initiatives/advancing-health-equity/minority-research-grant-program.html)
